Terra Etica Vision & Strategy

PRESENTATION OF THE TERRA ÉTICA

01.

Brand : Terra Ética
Founded : 2009

02.

Origin: France 🇫🇷
Headquarters: Lorient
(Brittany, France)

03.

Production: Made in
France with fair-trade
cacao from Peru, Ecuador
& São Tomé.

04.

Cacao content: 60% to 85%,
depending on the variety.
Types of chocolate: dark, milk,
and milk with fleur de sel.

SELECTED CHOCOLATE BARS

DARK CHOCOLATE 70% PERU ,GRAND CRU PIURA

- Cacao from Piura, northern Peru, variety Criollo Blanco.
- 70% cacao, certified Organic and Fairtrade (Max Havelaar).
- Fruity and slightly tangy flavor, with notes of red fruits and citrus.
- Made in France using traceable and sustainable cacao.
- Ideal for dark chocolate lovers seeking intensity and refinement.

MILK CHOCOLATE WITH WHOLE HAZELNUTS

- 42% cacao, made with fair-trade ingredients.
- Produced in France using French milk and whole hazelnuts.
- Smooth and crunchy, offering natural indulgence.
- Appeals to a wide audience, complementing Terra Ética's range.

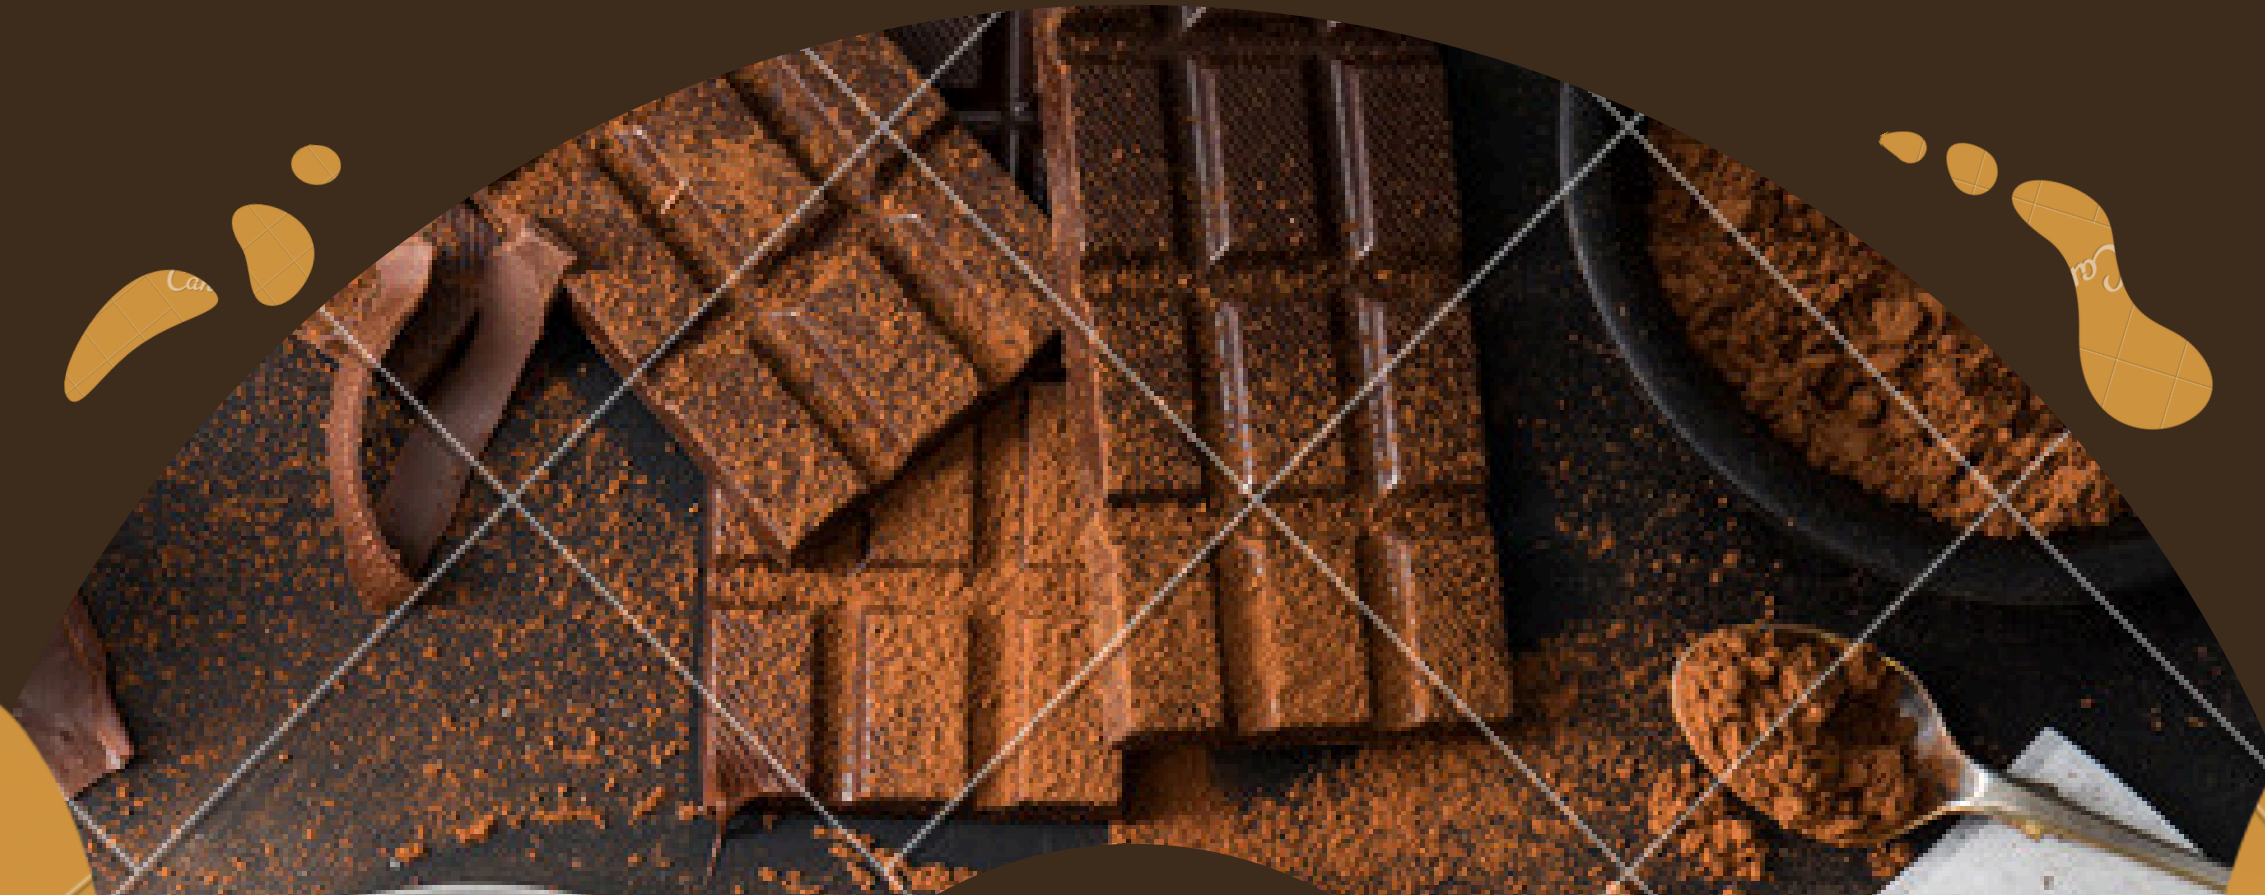

LE C.A.P.

TERRA ÉTICA

Element	Terra Ética
Concept	• French, organic, and fair-trade brand, created in 2009 in Lorient (Brittany). • Chocolate made in France with sustainable and traceable cacao (Peru, Ecuador, São Tomé). • Combines pleasure, ethics, and authenticity.
Advantages	• Pure and natural taste, no additives or artificial flavors. • Organic & fair-trade cacao, supporting small farmers. • Eco-friendly packaging, recyclable paper and vegetable inks. • Made in France, short supply chain and low carbon footprint. • Strong social commitment to producers.
Proof	• Certified Organic (AB) and Fairtrade / Max Havelaar. • Direct partnerships with over 25 cooperatives worldwide. • Full traceability and fair income for farmers. • Sold in major organic networks: Biocoop, Système U, La Vie Claire.

WHY INTERNATIONAL?

- Increase impact on fair-trade cooperatives
- Reduce dependence on the French market
- Capture global growth in premium, organic, ethical chocolate
- Strengthen global brand visibility

EXPECTED OUTCOMES:

- Higher export sales
- Stronger retail partnerships
- Larger volumes → more support for producers
- Long-term growth through premium ethical positioning

COUNTRY SELECTION & TARGET SEGMENTS METHODOLOGY

- Market screening: demand, purchasing power, sustainability trends
- Sector analysis: chocolate consumption, growth, bio/fair-trade share
- Competitor + price review
- Accessibility: regulations, logistics, retail structure
- Criteria: high demand, premium growth, ethical awareness, easy entry
- Data: consumption (kg/year), growth %, bio/fair-trade %, prices, consumer trends

SELECTED COUNTRIES

 **Germany**

- Highest chocolate consumption in Europe (~11 kg/year)
- Strong bio & fair-trade culture
- Many organic retailers (Alnatura, Denn's)

 **Canada**

- Fast-growing premium chocolate (+6–8%/year)
- Eco- and health-conscious consumers
- Open to ethical imported brands

TARGET SEGMENTS & CONSUMER PROFILES GERMANY

Products: organic tablets, single-origin dark

Consumers: 25–55, urban, sustainability-

focused, shop in organic stores

TARGET SEGMENTS & CONSUMER PROFILES CANADA

- Products: premium fair-trade, low-sugar dark
- Consumers: 20–50, eco-aware, health-oriented, buy in premium stores & online

LOCALISATION & MARKET FIT

Localisation level: Limited

→ **Product stays same; adapt packaging, communication, pricing, distribution.**

Market adaptation :

- Regulations: Add USDA / Bio-Siegel / Fairtrade CA
- Formats: 100g EU / 90–110g NA
- Pricing: Premium positioning
- Distribution:
 - Germany → Organic stores
 - Canada → Natural stores + e-commerce

CONSUMER FIT & CONCRETE ADAPTATIONS

Consumer needs:

- Germany: Ecology, traceability
- Canada: Health, clean label

Concrete adaptations (4) :

1. Local packaging + certifications
2. Market-specific claims (DE = eco / CA = health)
3. Digital content adapted (DE = sustainability / CA = lifestyle)
4. Storytelling adapted (DE = fair-trade impact / CA = nutrition benefits)
